

CRITICAL INFORMATION SUMMARY – SIMPLE BOOST ON NBN

INFORMATION ABOUT THE SERVICE

Our Simple Boost On NBN plan offers a combination of:

- Superfast Broadband On NBN with unlimited usage;
- Home Phone with unlimited local, national and Australian mobile calls; and
- Home Monitoring, with unlimited usage.

Where is this plan available?

- The Simple Boost On NBN plan is available at a limited number of Retire Australia villages. Visit our website at www.rasimple.com.au for an up to date list.

What is the minimum contract period?

Minimum Contract Period	12 months
Cancel Fee	If you cancel early, you pay a cancel fee equal to the total monthly recurring charges for the remaining term of the Minimum Contract Period. If you are leaving the Village, you can cancel and no cancel fee applies. If your estate cancels, it can do so and no cancel fees apply.

What is Unlimited Superfast Broadband On NBN?

- “Unlimited” means you can download and upload as much as you like at no extra charge. Subject of course to our Acceptable Use Policy.
- Superfast Broadband On NBN uses the National Broadband Network for high speed internet, up to 100Mbps download and 40Mbps upload speeds. We cannot promise actual speeds, because things happen in networks (they get congested like roads, poor cabling can act like speed bumps), but our techies will give you the fastest speed we can.

What is Home Phone with unlimited calls to these destinations?

- This plan includes unlimited calls to:
 - any standard landline in Australia,
 - any standard mobile phone in Australia; and
 - any landline in our “top 5” international destinations. These are Canada, France, New Zealand, UK and USA.
- You will not be charged any more for these calls. And there is no extra line rental.
- You can bring your old telephone number, no problem, or we give you a new one.
- You can use your old handset, no problem, or we can help you select one to buy.
- You can add special services for a fee, like a Connected Home service package, or a SoHo service package. Just ask us.

What is Unlimited Home Monitoring?

- Home Monitoring is a personal emergency response monitoring service. You will be provided with a pendant and a Home Monitoring Hub. We will train you on how, in an emergency, to get help.
- The Home Monitoring Service is manned 24 hours a day, 7 days a week.
- The Home Monitoring Hub has battery backup and works over both the Home Phone line and over Telstra’s mobile network. If one fails, the other will work. These are upgrades to your current service.
- “Unlimited” means we do not charge for calls made to or from, or data sent to or from, the monitoring service.

CRITICAL INFORMATION SUMMARY – SIMPLE BOOST ON NBN

Inclusions
